

# *Supporting the newspaper, Let me count the ways.*

Are you out and about,  
attending events?  
Might you be willing to  
hand out some sample  
papers on some sort of a  
limited schedule?

Are you willing to talk  
up the paper with your  
neighbors and friends?

Have marketing  
and branding  
expertise that  
you want to  
share?

Want to be trained to  
become a community  
journalist?

Do you love trying new places?  
Willing to stop in at our advertisers  
and thank them for their support in  
supplying you with your local news,  
not to mention local goods?

## *The possibilities are endless.*
